Great job Dr. G.! I'm looking forward to tomorrow. I hope you can come back once or twice a year, at least, for continuing of our training.

Although I didn't have much time to finish my collage, I had the time of my life which was extremely exciting.

I loved cutting out the pictures in the magazine. I do think it was a little rushed and I wished there was more time for these types of activities.

There was too much waiting time for the responses. Maybe the answers for our 3 daily roles/jobs could have been collected in writing and put in the computer while we were working on our life collages.

Wonderful team building exercises! Truly enjoyed the day.

Enjoy the training.
