Dr. Michael W. G. Gaffley, CYC-P

Michael is a program professor and graduate of NSU and teaches courses in HRD. He was a leader in a nation's transformation from apartheid to a human rights culture. He bridges the divide and brings a multi-generational, diverse team together!

Participants will understand how their personality type communicates, makes decisions, interacts with others, and deals with conflict in the workplace. Excellent workshop for **LEADERS, MANAGERS and SUPERVISORS** who have to work with and through other people to accomplish the organizational mission.

Self-knowledge is key in today's high tech, interactive-intensive workplace. Stagnant people cannot lead organizational transformation. Changed people change organizations. You are the difference.

Lead-Understand-Grow-Embrace-Respect!
